

Learner Outcomes

Upon completion of the Institute, participants will be able to:

- **Describe:** basic videoconference technology, how to schedule a conference and make a video call.
- **Discuss:** student benefits of using videoconferencing technology.
- **Explain:** potential of video including sharing courses, tutoring, virtual field trips, multi school projects, administrative uses, and community collaborations.
- **Explore:** instructional strategies for teaching over video including motivating students, setting clear expectations, preparing students, engaging with variety, encouraging student communication, and providing additional resources.
- **Demonstrate:** videoconferencing etiquette.
- **Participate:** in virtual field trips and multipoint connections for interactive discussions.
- **Locate:** resources to access field trips and to connect with other schools.

Granite State Distance Learning Network

The Granite State Distance Learning Network (GSDLN) is a consortium of over 35 organizations dedicated to promoting educational content via interactive videoconferencing throughout New Hampshire.

Impact Learning Through Videoconferencing

A 2-Day Institute for Educators

August 9 and 10, 2007
9:00-2:30 p.m.

Held by videoconference at:

Durham

New Hampshire Public Television

Concord

New Hampshire Technical Institute

Exeter

Seacoast Professional Development Center

Gorham

North Country Education Services

Greenfield

Crotched Mountain

Claremont

NH Community Technical College

Impact Learning Through Videoconferencing

This two-day Videoconference Institute provides teachers, administrators, and technical

staff an overview of the various components of videoconferencing, its potential, the resources available, and the strategies to make a video project successful.

Participants will experience virtual field trips, guest speakers, hands-on time to find projects to incorporate into their lessons, and have the opportunity to practice techniques over video. The Institute will be offered in five locations over videoconference and will be facilitated by four instructors.

Presenters:

Susan Adams, NHPTV
 Richard A Baker, LinWood High School
 David T. Foote, UNH Cooperative Extension
 Sharon Sabol, NHCTC System Office
 George A. Fryburg, GSDLN

Participant Expectations

Pre Institute Assignment:

Find out ahead of time where your equipment is located, who the technical person is, what kind of equipment you have, and how to make a video call.

Participation:

Discuss the topics as presented, ask questions, and participate in peer reviews.
